

Dear fcc:

I have been a regular listener to AIR 1 for a couple of years now.

I found the station while searching for an alternative to the negative speech/suggestions found on SO many of the other stations.

Air 1 really is one of the few positive radio station that impacts me as well as thousands of others as evidenced by their pledge drives. I dont hear things that will bring down my community on AIR 1 unlike many of the other stations which promote alcohol,violence,unfaithfulness to ones spouse and things of such nature. These other stations do this in a passive way but AIR 1 does not even attempt such things on the contrary they offer sound counsel to the public at no charge, great music, encouragement and things of that nature.

With our young kids in such a poor state of morality as evidenced by the high rate of teenage pregnancies,gang violence,disrespect for law enforcement and society in general it is my opinion that stations such as AIR 1 are so desperately needed and removing such stations would not be in the community's best interest. I feel the station should remain "as an alternative" to those who are tired of the everyday jargon found elsewhere because it really is an alternative.

My petition to you is that you please do not interfere with AIR 1's mission to continue to impact the community with their positive message but rather encourage AIR 1 as well as other stations to follow AIR 1's pattern. I listen to AIR 1 on 90.3, 90.1, and 100.7 fm.

Thank You,

Regis
